QUALITY POLICY

Caterers Choice Ltd. was established in March 1988 by Brian Pinder, company Managing Director. With a turnover in excess of £15 million, the company globally sources and distributes commodities such as cheese, canned fish, fruit, vegetables and pulses. Product is packed under our own brand "Caterers Pride", or alternatively under our customer's brands.

Our aim is to meet our customer's commercial and quality requirements, using our exceptional trading experience and technical expertise.

Caterers Choice acts as a mediator between the product and the end user, sourcing our range of quality products from premium BRC accredited factories with approved HACCP systems. This enables us to ensure all necessary controls are implemented, and are fully accessible to Caterers Choice and its customers.

In order to compliment the procedures of our manufacturing partners, Caterers Choice has established a Quality System to ensure product safety and quality is maintained throughout the supply chain.

Brian Pinder
Chairman
